Best Practices (2018-2019)

Best practice 1.

Title of the Practice

1. Computer Literacy - The Need of Hour.

INTRODUCTION

The emerging Information and Communication Technology (ICT) has become a strategic alternative for all over the world to enhance learning. With globalization of Economy and information, as well as technological innovations, knowledge based economy and society, escalating demand for education the implementation of ICT helps in effective learning for all anytime anywhere. ICT has great potentials such as expanding educational opportunities, increasing efficiency, enhancing quality of teaching and learning

GOAL AND OBJECTIVES

GOAL:- The information technology and use of ICT is very much important in imparting the latest knowledge in almost every field. One part of the mission of our institution is to enable teachers to face various challenges of the changing world. In this context the use of ICT play a key role. As the institution is situated in rural area most of the students came from uneducated, economically poor and socially disadvantaged families. Our institution made efforts to up lift and upgrade the learners from rural area to face the various challenges of changing the world and to be in pace with urbanite learners; so that they should not lag behind them.

OBJECTIVES:-

1. Introduction to ICT and its necessity.
2. Study of ICT tools.
3. Effective use of ICT in continuous learning
4. Prepare students to make effective use of information and communication technology.
5. To provide essential ICT facilities to the staff as well as students and to motivate them to use it.

1. The Context:-

Prior to this practice we were using the traditional teaching methods. There was lack of modern teaching methods based on ICT. The college managements approach about the use of ICT is very positive. They motivate and encourages the faculty members to use ICT tools in the college. We have purchased all the equipment, accessories related to ICT and made available sufficient facilities to faculty and the students. In the college internet facility and LCD projector are available. ICT room is available. There is broadband radio internet connectivity of 10 mbps. Computer department is connected with LAN. The computers with printer and necessary accessory along with hi-speed internet facility are provided. The standby power supply facility such as UPS (Uninterrupted Power Supply), invertor set is also available.

In short we have made available whatever we fill necessary for the maximum usage of ICT. But internally, the greatest challenge before the institution is to change the mental setup of our students and employees. However, by continuously motivating them, most of the students and members of teaching and non- teaching staff are taking advantage of the ICT facilities.

2. The Practice: -

ICT-The Need of Hour is the best practice adopted by the institution. For the effective implementation of this practice we have planned certain important things.

We have organized awareness program me to develop the ICT aptitude among the students, teachers and non-teaching employees of the institution. The resource persons are frequently invited to inculcate the importance and significance of the ICT based tools and their application. Our two faculty members delivers lectures on ‘ creation of spreadsheet using spreadsheet program creation of charts and down loading and saving web page content and images as files. We have also organize eminent persons lecture on “basic operational parts of PC based desk top computer and creation of simple document using word processor”. We have also organize lecture and practical on introduction to web browser and browsing websites and introduction web based email.

- 3. Outcomes of programs:** Thirteen faculty members are benefitted by ICT knowledge and facilities. Computer literacy is the foundation of the use of ICT facilities.
- 4. Problems Encountered and Resources Required:** As per our need we have enough resources to face the problems. If any technical problem arises our technician resolves it. If there are major problems occurred, then we call professionals whenever necessary.

Best Practice 2

Upliftment of tribal Society (Students-Parents)

Introduction:

J. D. M.V. P. Co. Op. Semaj's Arts, Commerce and Science College Yawal aims at encouraging creativity among tribal students and society. Our college purpose is to get quality education as well as to create awareness about national and state level schemes who belong to tribal, rural and economically backward areas.

The college has adopted a number of innovative practices for overall development of students. Upliftment of tribal society is one of the innovative best practice of our college.

Goal: The aim of our institution is to think of Upliftment of tribal region students and parents hail from illiteracy economically poor and social disadvantaged families. The institutional goal and objective is to uplift and upgrade the tribal

learners of our college from tribal and rural region so that they should not be lagged behind.

Objectives:

1. To improve the life thereby providing educational services to tribal students.
2. To create awareness among tribal students and society in the satpuda region.
3. To eradicate the exploitation and develop the remote tribal areas.
4. To create awareness regarding their financial security against any kind of oppression and exploitation. Tribal people should get benefit of Government schemes and Government subsidies.

Context:

Our college faculty members making pains, taking efforts with missionary zeal and keep the problem of tribal students and tribal people and overcome these challenges. We also creating awareness among tribal students and society about education, Voter registration, literacy, employment registration, caste certificate, caste validity, adhar card registration, housing schemes, Job card, toilet, gas connection and solar panels etc.

The practice: For the effective implementation of this practice we had started tribal **Social Assistance Cell** for the upliftment of tribal students and tribal society. Our faculty members were visited various tribal villages in satpuda region such as Mohamandli, Gadhrya, Jamnya ,Usmali , Nagadevi and various tribal padas, to create awareness for all round development of tribal students and society.

Evidence:

1. Tribal student participation in all activities of institution. Tribal people participation in parent teacher association, survey regarding family

members information, about education, Voter registration, literacy, employment registration, caste certificate, caste validity, adhar card registration, housing schemes, Job card, toilet, gas connection and solar panels etc.

2. Student participation in Youth festival, NSS activities, Avishkar & sport activities.

Problems encountered and resources required

1. Due to the tight schedule of the semester system of university gets very little spare time.
2. Though there is lack of time, our faculty members give full justice by giving valuable guidance to them.
3. Problem of language, illiteracy, fear for communication, ignorance and hesitation.

Notes:

The upliftment of tribal society is a healthy practice that all tribal and rural institution can also adopt the same. A feedback mechanism on the practice is mandatory to ensure positive results. We also did the analysis.
